Community Pages
Check List

- ❏ Identify what key communities you want to highlight on your website
- ❏ Identify the main points that you want to identify for each neighborhood or community
- ❏ Map out a template of what each Community Page will look like on your website
- ❏ Research your communities for neighborhood details
- ❏ Write content for each community page
- ❏ Collect or take images for your community pages
- ❏ Add community pages through the CMS Website Editor
